MONDAINE

Swiss  Watch

1951

Young tailor Erwin Bernheim founded Mondaine Watch Ltd in Zurich, Switzerland. His entrepreneurial drive and pioneering spirit is ever present, captured by his sons, and today's business leaders, André and Ronnie Bernheim.

Als junger Schneider gründete Erwin Bernheim die Mondaine Watch Ltd. in Zürich. Sein unternehmerischer Antrieb und Pioniergeist sind nach wie vor präsent und auch auf seine Söhne und heutigen Geschäftsführer, André und Ronnie Bernheim, übergegangen.

Jusqu'alors tailleur, le jeune Erwin Bernheim fonde la société Mondaine Watch Ltd à Zurich, Suisse. Son énergie et sa vision entrepreneuriale sont encore présents, incarnés par ses deux fils, co-dirigeants, André et Ronnie Bernheim.

1986

Mondaine brings the 1944 clock design from the Swiss railway station platform to the wrist, desk and wall, for all the world to enjoy. The watch is awarded iconic status.

Im Jahr 1986 bringt Mondaine das Uhrendesign der Schweizer Bahnsteige an das Handgelenk, den Schreibtisch und die Wand. Es erfreut sich weltweiter Beliebtheit. Die Uhr hat mittlerweile Kultstatus erlangt.

Mondaine transpose le célèbre design des cadrans des 3000 Horloges des gares Suisses : montres, horloges et réveils accèdent au statut d'icône.

2014

Helvetica® is the world's most used font and serves as the base and inspiration of Mondaine's second iconic collection.

Helvetica® ist die weltweit am häufigsten benutzte Schrift und bildet die Grundlage und Inspiration für die zweite legendäre Kollektion von Mondaine.

Helvetica®, police d'écriture la plus répandue dans le monde, est la muse, tellement Suisse, de la deuxième collection de montres Mondaine.

LEGAL NOTICES

USA CANADA NOTE

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help.

NOTICE

This device complies with Part 15 of the FCC Rules and with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

1. this device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. l'appareil ne doit pas produire de brouillage, et
2. l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

NOTICE:

Changes or modifications made to this equipment not expressly approved by Mondaine Watch Ltd may void the FCC authorization to operate this equipment.

WARRANTY DISCLAIMER FOR USE WITH THIRD PARTY PRODUCTS

This MONDAINE smartwatch has been designed to communicate via Bluetooth with certain mobile devices of other manufacturers and mobile application software as well as cloud infrastructure of third party providers such as MMT SwissConnect. The limited international watch warranty does not apply to failures or damages caused by use with hardware or software products of other companies whose own warranty terms and software end user license provisions will govern defects of their hardware and software products and failures or damages caused by them.

TECHNOLOGY UPDATES

The battery has a life expectancy of approximately 2 years, depending on how often the Bluetooth connection is activated. The battery must be changed by an authorized MISO® service center listed under www.mondaine.com.

USE OF DATA AND PRIVACY POLICY

The use of data and privacy policy are governed by the terms of the end user licenses of third party software and/or cloud infrastructure providers such as MMT SwissConnect. The applicable terms and conditions are communicated at the time the mobile application software is activated or updated on the mobile device and must be accepted in order to use the application software and the cloud infrastructure.
